Good afternoon,

Please allow this letter to remind you of some very important upcoming dates for student promotions/graduation and a modification to the school calendar for the 2023 school year. Additionally, as a reminder, the last five days of school will be half days for students. Further information will be provided by each respective school.

At last week's Board of Education meeting, Tuesday, June 6th was approved as a half day for all schools, purely as a precautionary measure . This decision is due to the fact that our schools are polling places for the community of Palisades Park .
